Browning Geriatric Consulting to Participate in National Geriatric Care Manager Month

Greenville, SC, May 1, 2013 —

Browning Geriatric Consulting (BGC) will participate in National Geriatric Care Manager Month by conducting a free seminar at Palmettos Assisted Living Community in Greenville SC on Thursday, May 30<sup>th</sup> at 2 pm. The seminar will cover topics such as: how to make the best of your time with your MD, medication management and what is a Geriatric Care Manager (GCM) and how they can help you. For more information on attending this event contact BGC at 864-233-5260, prompt #2.

Certified Geriatric Care Managers (CGCMs) are specialized health and human service professionals advocating and directing the care of older adults facing ongoing health challenges. All CGCMs undergo rigorous requirements including an advanced degree in a related field and additional accreditation work before qualifying for this certification.

Working with Upstate families, Browning Geriatric's Certified Care Managers provide their expertise to guide families to the actions, resources, and decisions that ensure quality care and an optimal life for those they love, thus reducing worry, stress, and time off of work for family caregivers.

Jennifer Browning, founder and owner of Browning Geriatric since 1994 has been a geriatric care manager for 20 years. Today her practice is the Upstate's only counseling center designed specifically for issues on aging as well as the only mobile geriatric team in the Upstate. Jennifer has been a member of the National Association of Professional Geriatric Care Managers (NAPGCM) for 8 years.
